Outdoor Living Solutions

Infrascapes brings with it over 40 years of combined experience of all its associate companies; in architecture, landscaping and other outdoor services.

Each product is a benchmark in its field in terms of quality and innovation; using material in its natural form or as a composite. Combined with exceptional service and timely delivery schedules, Infrascapes offers end-to-end solutions for outdoors - both soft scapes and hard scapes.

We now bring to you an extensive range of outdoor products and solutions across various specialised fields including benches & seating, outdoor elements, architectural solutions and play & fitness equipment - your one-stop-shop for custom-made options to make a mark in any outdoor environment.

Our Core Strengths

We offer a unique range of end-to-end solutions - a one-point contact for all your exterior requirements in a wide array of materials. We work in various materials, in natural and composite form, to custom-create numerous applications, some of which are:

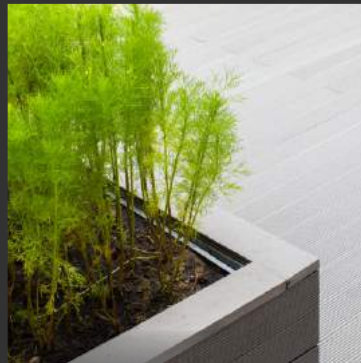

Pergolas & Gazebos

Cladding & Louvers

Benches & Seating

Planters & Dustbins

Playground & Outdoor
Fitness Equipment

Water Park Equipment

Bollards & Lamp Posts

Decking & Railings

Sports Flooring

Grating & Manhole Covers

Planters

Our range of coordinated planters in strong, powder-coated metal and composite wood.

Dustbins

Choose from our range of dustbins or we can develop one as per your requirements.

Bollards

Signage

Bespoke signage systems can be designed and developed as per the requirement of your projects.

Manhole Covers

FRP Manhole Covers in a range of standard sizes and shapes.
